EX-PRESIDENT BUCHANAN'S PROPERTY.—The appraisement of the property of the late President Buchanan shows his total wealth to have been \$380,000, mostly in State and city bonds—the real estate being valued at \$10,000. He had no United States securities. According to an act of Assembly five per cent. of Mr. Buchanan's estate goes to the State or Pennsylvania as collateral inheritance tax. It is estimated that Mr. Buchanan, during the last few years of his life, gave away from \$50,000 to \$80,000 to his brother and his niece, Mrs. Harriet L. Johnson (née Lane), a portion of that presented to Mrs. Johnson being in Southern securities.

PAINT FOR STOVES.—The *Scientific American* recommends the use of "water glass," or silicate of potash, colored with any pigment to suit the color of the room, as a nice, durable, convenient paint for stoves, ranges, &c. All the grease must be carefully cleaned off, and then two or three coats of this paint laid on and suffered to remain until dry. Fire then will not harm it, nor grease of any kind stain it. It can be kept clean with soap and water.

IMPORTANCE OF NEWSPAPERS.—An exchange truthfully says that the newspapers of a city are its corner-stone, its very life-blood. Without them it cannot prosper. The better they are supported at home, the more powerful their influence will be abroad. The newspapers have done more to aid the building up of towns in which they are published, and to raise their business, than all the merchants together. To the merchants they are indispensable as those who have used them as a medium through which to reach the public well know. And they contribute largely to the prosperity of every citizen, for their influence is felt in a thousand different directions.

ON WEDDINGS.—"I like to attend weddings," said Mrs. Partridge, but what a solemn thing is matrimony where the minister comes into the chancery with his surplice, and goes through the ceremony of making them man and wife. It ought to be husband and wife, for it isn't every husband that turns out to be a man. I declare I never shall forget when Paul put the nuptial ring on my finger, and said, "with the worldly goods I thee endow." He used to keep a dry goods store then, and I thought he was going to give me all there was in it. I was young and simple and did not know, till afterwards, that it meant one called a year. It is a lovely sight to see young people "plighting their troth," as the song says, and coming up to consummate their vows."
